

NFHS Official Ruling- February 8th, 2017

Upon initial review by our Rules Review Committee, we did not see any objection to the use of Getta-Gripp in high school competition. However, Bob Colgate, who oversees football, wanted members of his football committee to examine your product during their January meeting, and reserves the right to make any clarifying comments as of February 1.

Thus, I would ask that you reconnect with me after February 1 regarding football. Otherwise, based on the product you submitted to our Rules Review Committee, there were no objections.

Thanks Jesse.
